EASEMENT

WHEREAS Maurie Clark and Mary Clark ("GRANTOR") is the owner of the following two lots (or parcels) of real property located in _____ County, Oregon, to wit:

Lot I: LEGAL DESCRIPTION IS ATTACHED HERETO AS EXHIBIT A.

Lot II: LEGAL DESCRIPTION IS ATTACHED HERETO AS EXHIBIT B, PAGES 1 and 2.

WHEREAS GRANTOR has applied to the State of Oregon through its Department of Environmental Quality ("State" or "GRANTEE") for a report of site evaluation for the proposed construction of an individual on-site sewage disposal system ("Report") on Lot I intended to serve Lot II; and

WHEREAS Oregon Administrative Rules, 340-71-130(11)(b) and 340-71-150(4)(a) require GRANTOR to execute an easement and covenant in favor of the State as a condition precedent to issuance of a favorable report concerning the construction of a system on one lot intended to serve another lot;

NOW THEREFORE, in consideration of the issuance of the report to GRANTOR by the State, and other good and valuable consideration, receipt of which is hereby acknowledged, GRANTOR hereby conveys to the State ("GRANTEE"), its successors and assigns, a perpetual, non-exclusive, appurtenant easement in, upon, and running with Lot I allowing the GRANTEE'S officers, agents, employees and representatives to enter and inspect, including by excavation, the on-site sewage disposal system on Lot I serving Lot II.

GRANTORS, for themselves and their heirs, successors and assigns, covenant and agree:

1. To grant or reserve, and record a utility easement, in a form approved by the GRANTEE, in favor of the owner of Lot II upon severance of the above described lots; and

2. That Lot I shall not be put to any use which would be detrimental to the permitted system or contrary to any law (including an administrative rule) applicable to the permitted system.

IN WITNESS WHEREOF, the GRANTOR executed this easement on this 30th day of October, 1989.

03 NOV. 1989

DEAR MR. HOPKINS;

BETTY HOFFMAN SUGGESTED THAT I SEND THIS COPY OF THE DRAIN FIELD PLAN TO YOUR OFFICE FOR APPROVAL PENDING PROCESSING OF OUR APPLICATION. WITH YOUR CONCURRENCE, WE WILL DIG THE TRENCHES AND LOCATE THE TANKS AND LINES, BUT WE WILL LEAVE EVERYTHING OPEN FOR INSPECTION. THE ASTORIA OFFICE WILL BE CLOSED FOR SEVERAL DAYS, SO BETTY OFFERED THIS IDEA TO SPEED OUR WORK A LITTLE.

MY PHONE NUMBER IN CANNON BEACH IS 436-0341 IF YOU NEED ANY FURTHER CONTACT. I'M USUALLY EASIER TO REACH THAN GORDON SMITH.

THE APPLICATION AND PAYMENT IS BEING MAILED TO ASTORIA, TODAY.

THANKS FOR YOUR CONGENIAL COOPERATION!

BARGAIN AND SALE DEED

MAURIE D. CLARK and MARY H. CLARK, husband and wife, GRANTOR, convey to CAMP 18 LOGGING MUSEUM, INC., an Oregon corporation, GRANTEE, the following described real property:

The East 1/2 of the Northwest 1/4 of the Southeast 1/4 of Section 25, Township 5 North, Range 8 West, of the W. M., Clatsop County, Oregon.

EXCEPTING therefrom the following:

That portion described in deed to Gordon L. Smith and Roberta L. Smith, recorded 02/19/68 in Book 302, Page 232, Deed Records, Clatsop County, Oregon.

That portion described in deed to Lawrence H. Jepson and Roberta M. Jepson, husband and wife, recorded in Book 321, Page 738, Deed Records, Clatsop County, Oregon.

SUBJECT TO:

All easements, conditions, restrictions and reservations of record, if any.

Rights of the public and governmental bodies in and to that portion of the above-described premises lying below the high water mark of Humbug Creek, including any ownership rights which may be claimed by the State of Oregon below the high water mark thereof.

This conveyance constitutes a gift and, therefore, the true and actual consideration is \$none.

Until a change is requested, all tax statements shall be sent to the following address:

Camp 18 Logging Museum, Inc.

Re: OSS-Clatsop County
Site Evaluation, Approved
T5N, R8W, Sec 25, TL 300

In response to your completed application of September 29, 1989, a field inspection was made on October 18, 1989. Topographic and physical features of the site were checked. Soil information was collected by examining soil pit(s). The field worksheet is attached for your reference.

Based on the field work, the site complies with the rules of the Oregon Environmental Quality Commission. At least one specific area meets Oregon Administrative Rules Chapter 340, Division 71, governing on-site sewage disposal. The attached favorable report of evaluation for one lot shows approval of a standard or alternative sewage disposal system.

An approved report is not a permit to construct the system. However, it is a valuable document, similar to the title to an automobile. The approval runs with the land and is transferable. A permit will be issued to the owner of the land upon receipt of a complete application and fee; it will be good for one year and is renewable. Conditions on the approved site or adjacent land must not be altered in manner that would prohibit permit issuance. For example, topsoil is removed from the approved site, neighbor drills a well too close, an improper partition, etc. The Department intends to honor this approval unless something occurs that would adversely affect the approved site. Technical rule changes will not invalidate the approval; however, a different type system may be required which may cost more to build than this sewage disposal system.

If you have any questions regarding this letter, approval, or the conditions, it is very important that you call me at 325-8660 before any development of the site.

Sincerely,

Chuck Hopkins

(Lot No.)

(Block No.)

16.67 Ac.
(Lot Size)

The Entire Property Has Has Not Been Evaluated

PLOT PLAN OF APPROVABLE AREA:

See the illustration on the
Site Evaluation Field Worksheet

Any alteration of the natural conditions in the area approved for the on-site system or replacement area may void this approval.

This approval is given on the basis that the lot or parcel described above will not be further partitioned or subdivided and that conditions on subject or adjacent properties have not been altered in any manner which would prohibit issuance of a permit in accordance with O.R.S. 454.605 through 454.755 and Administrative Rules of the Environmental Quality Commission. Any such subdivision, partitioning or alteration may void this report.

The site has been found suitable for installation of the following kinds of on-site sewage disposal systems, with the limitations and additional requirements indicated:

Standard Equal or Serial Distribution (300 gpd) 300 linear feet (150'/150 g). Requires
easement for tax lot 203. Submit detailed plot plan with application for construction
permit. Maintain standard setbacks and 10' from driveway, utility trenches and easements.
Install in approved area. System must be installed by property owner or DEQ licensed installer.

WARNING: This document is a technical report for on-site sewage disposal only. It may be converted to a permit **only** if, at the time of application, the parcel has been found to be compatible with applicable LCDC-acknowledged local comprehensive land use plans and implementing measures or the Statewide Planning Goals. The Statement of Compatibility may be made on the attached form or its equivalent. Authorized Agent approval is required before a construction permit can be issued.

This report is valid until an on-site sewage system is installed pursuant to a construction permit obtained from The DEQ - Astoria, or until earlier cancellation, pursuant to Commission rules, with written notice thereof by the Department of Environmental Quality to the owners according to Department records or the County tax records. Subject to the foregoing, this report runs with the land and will automatically benefit subsequent owners.
