2-8-67 F.V. Inq. for sewage disposal system at 2 B.R. summer cabin. Mr. Murphy sent plans to move house across street to 2 vacant lots. Recommended that the sewage system be installed on one lot & the house on the other. Gave approval. Instructed Mr. Murphy that he would have to apply for a Co Bldg permit at the County Court house. He said he would. BPU

2-21-67 P.C. Mr. Murphy called wanted the requirements to install an approved system. 750 gal septic tank, distribution box, 170' tile in trenches 3' wide. The amount of tile is based on clay formation of soil. Signed Co Bldg Permit # 67-14. Call for inspection. BPU

5-1-67

5-25-67: Mr. Floyd Bunn, septic tank worker, called. Said he was going to put in septic tank system for Mr. Murphy. Said Mr. Murphy told him you recommended 150' tile. Wanted to know your recommendations. Advised him record shows 170'. Asked questions about amount of gravel, width of trenches, etc. Said he was licensed, and his name is on the list. Name is listed as licensed from Grand Ronde. Advised him to call Sanitarian for information. Promised to call before back-filling system - will probably go ahead and put it in. KCV.

5-26-67: Phone call from son, Kenneth Bunn. Said he was putting in job for his father. Asked him what kind of tank he was installing - did not know whether it was metal or cement. Advised him would check with him today.

F.V. Has set a metal tank - too deep in ground. Told to raise the tank. Has dug holes and ditches all over - shallow and deep. Doesn't seem to have the slightest idea of how to put in a system. Tried to explain to him. Recommended 750 gal. septic tank, dist. box and 170' tile in 3' trenches, 7' centers. Mailed bulletin with the above to Kenneth D. Bunn, Box 113, Grand Ronde, Ore. BRV.

6-1-67 F.V. Septic tank & field is in & covered. Was not inspected. This operator is responsible for his work. BPU
